## Shower trays

### Antislip

Textured surface that ensures the highest levels of anti-slip performance, while offering a very natural sensation, pleasant to the touch.

### Cut-to-size

Easily adaptable to all kinds of spaces thanks to the cut-to-size option.

### Extraslim

Slim design that allows its floor leveled installation to provide a perfect integration in the shower space.

### Resistant

Outer gel coat layer that ensures great resistance to wear and tear, discoloration, chemical agents and UV light.

### Easy cleaning

Easy-to-maintain textured surface that can be easily cleaned with just a wet cloth.

### Repairable

Recubrimiento de gel coat sanitario de gran maleabilidad que permite una fácil reparación.

## Shower trays / Stonex®

### Extra-flat designs

These models are characterized by being extra-flat, being able to install at ground level or saving a minimum step with respect to the pavement of the room.

Inclination angle	Norm DIN 51097
From 6° to 12°	-
From 12° to 18° 	A
From 18° to 24° 	B
More than 24° 	C

### Maximum security

The textured finish gives the baths a pronounced anti-slip property.

## Stonex® Shower trays

Made of Stonex®, they stand out for their greater resistance to wear and durability. Design, functionality, adaptability, resistance and comfort go hand in hand in these suggestive models.

# Vitreous china

## Shower trays

### Easy to clean

Glazed surface with zero porosity that prevents the absorption of water and therefore, the build-up of dampness and bacteria.

### Durability

Incredibly consistent pieces thanks to their exclusive mineral composition and a thorough control of the firing curve.

### Resistant

Roca's exclusive glazing guarantees the resistance of the pieces to abrasive products, extreme temperatures or UV light.

### Shine

Crystallised surface that keeps its shine, colours and performance over time.
