AquaDura

The water-resistant flooring made of wood instead of vinyl.

Perfectly thought-out, from the unique matt-touch surface to the integrated underlay mat made of natural fibres, the AquaDura flooring combines high-quality materials, with straightforward installation and attractive decors in perfect harmony. It effortlessly manages the balancing act of good looks and dependable protection and can cope with daily challenges. The Aqua CLIC it! waterproof click system protects the flooring from water penetration for 24 hours.

EDF103

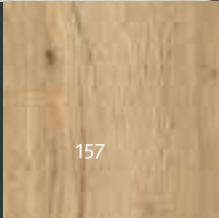

EDF144

EDF145

Three good reasons for an AquaDura floor

- Water-resistant for 24 hours
- Ultra-matt and resistant surface
- Integrated underlay mat made of recycled material

AquaDura+

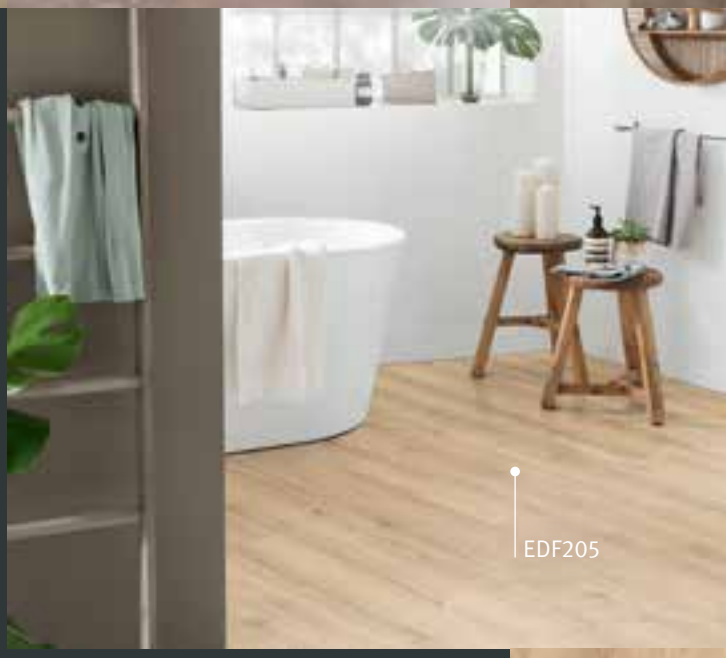

The smart flooring with double water protection.

The innovative AquaDura+ hybrid flooring sets new standards in terms of aesthetics and functionality. Its ultra-matt surface gives it the look of oiled wood and its elegant decors ensure an exclusive appearance. Equipped with double water protection thanks to our dark, low-swelling core board in combination with the Aqua CLIC it! waterproof installation system, AquaDura+ is ideally suited for use in wet conditions and offers maximum resilience in the wood-based flooring sector.

Technical highlights:

This is what our floors can do.

AquaDura

The 2-in-1 solution: Our water-resistant AquaDura floor with integrated underlay mat and a unique matt-touch surface.

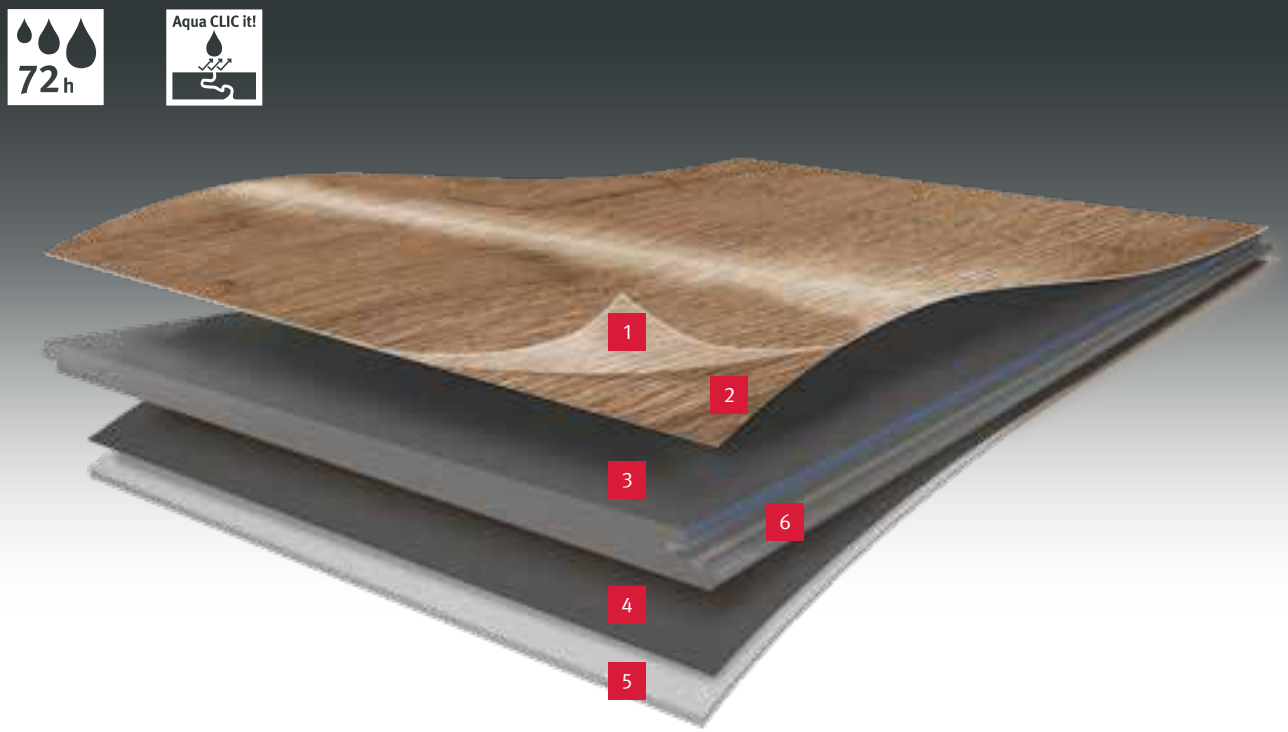

1. The **ultra-matt and elastic wear layer** protects the decor from damage
2. **Decor paper** for an attractive look
3. Wood-based **HDF+ core board** with dependable swell protection
4. **Balancer paper** stabilises and protects against deformation
5. The **integrated, sound-absorbing underlay mat made from recycled cellulose fibres** replaces an additional impact-noise underlay during installation
6. The **Aqua CLIC it! click system** protects against infiltrating humidity and guarantees straightforward installation
