LIVING

DESIGN BY ANDREAS DIMITRIADIS & PHOENIX

A system with corners and edges yet so flexible and easy to maintain: LIVING has a clear concept and clear forms. The modular system offers washbasins with and without shelves in many widths. Extremely flat elements with their smooth surfaces and defined edges literally float in front of the wall bearing witness to an unparalleled fusion of elegance and bathroom culture. Large areas are cleverly hidden behind narrow silhouettes defining a functional wash place as the centre of the bathroom. Reduction and individualism without peculiarity: LIVING's formal language is aimed at people who appreciate a contemporary setting and design their surroundings with sensitivity and a great sense for materiality.
